

Kriv AI Inc.

Governed AI implementation and public-sector consulting. SAM.gov registered, NJ SBE approved, HIPAA-aligned delivery with a BAA available. East Brunswick, NJ.

CORE COMPETENCIES

01

AI readiness & governance assessments

Structured assessments that map data, compliance, and infrastructure gaps, with a defensible roadmap aligned to the NIST AI Risk Management Framework.

02

HIPAA-aligned AI pilots

Governed pilot deployments for health and human-services workloads, HIPAA-aligned architectures, BAA available, auditability designed in from day one.

03

Data & AI pipeline engineering

Secure data platforms and AI pipelines on AWS, Azure, and Databricks, built for environments where documentation and review are non-negotiable.

DIFFERENTIATORS

- Practitioner-led delivery, no bench of juniors; assessments, builds, and training are delivered by the people who answer the phone.
- Documented and auditable by design, built for environments where review and accountability are requirements, not an afterthought.
- Typical time to a governed delivery is around three weeks: readiness assessment or a single high-value workflow first, governance infrastructure next, capability after.
- AWS Marketplace seller (56 live professional-services listings), Databricks partner (50+ platform certifications), Claude Partner Network registered member.

WHERE WE FOCUS

- HHS / NIH — HIPAA-aligned AI for healthcare programs
- VA — Clinical AI, veteran health data, workflow automation
- CDC — Public health AI analytics and data pipelines
- SSA — Process automation, AI-assisted case management
- DHS — AI governance, identity verification, compliance tooling
